Notes (1) It is assumed that the question is asking which customers are taking special contract service (Other Bundled Tariff) and which bundled customers are not taking service under a special contract.
 (2) In order to maintain confidentiality, the data must be presented in the same format as Attachment PRC-DFK 1. However, there are three PPO customers that have an agency relationship. PPO assignment is no longer monitored by ComEd because the assignment credit ended in May 2002.
